

[Walter E. Howard

XXXIV — Mr. Harry Vipond, of the Forest Service, points to a Blue Duck's nest which he found in the Urewera National Park.

[Walter E. Howard

XXXV — Nest and eggs of Blue Duck (*H. malacorhynchus*) found on 17/10/62. Two eggs were chipping.

Ian R. Logan

XXXVI — A pair of Blue Ducks and their four ducklings in Taramakau River, Westland.

[Ian R. Logan

XXXVII — Family party of Blue Ducks in Westland. We are indebted to Mr. W. E. Howard, Animal Ecology Division, D.S.I.R., for the opportunity to publish photographs of Blue Ducks on mountain streams in both North and South Islands.
