(Incorporated)

Volume Fifteen, Number Two, June, 1968

A BIOLOGY OF BIRDS

Many members have still to purchase a copy of this O.S.N.Z. publication.

It seems that some have been put off by the title. While parts of the text may not interest all members, most of it covers material not easily available and of close interest to anyone interested in N.Z. birds and in their conservation.

This book, a valuable companion to the *Field Guide*, was reviewed in *Notornis*, June 1967, page 85.

It is available at only \$1.33 (including postage) from P.O. Box 40-272, Upper Hutt.
