# NOTORNIS

## QUARTERLY BULLETIN

of the

Ornithological Society of New Zealand

Volume Nine, Number One, June, 1960

#### BACK NUMBERS OF "NOTORNIS"

Members are reminded that back numbers of Notornis and the carlier N.Z. Bird Notes are obtainable from the Society. Enquiries about costs and the parts still held in stock should be made to:..... O.S.N.Z., Box 45, Clevedon, Auckland.

Other publications available are: Checklist of New Zealand Birds, 1953 (10/6); The Takahe (5/-); Identification of Albatrosses (1/-); Reports and Bulletins, 1939-1942, with Index (12/-), Index Alone 1/6. These precede Vol. I of N.Z. Bird Notes and record the first three years of the Society's work.

As there is a steady demand for back numbers of *Notomis* and especially for the earlier N.Z. Bird, Notes (1943-1950), members are asked to offer to the Society, for gift or sale, past numbers which they no longer need.

#### SUBSCRIPTIONS IN ARBEARS

Council has instructed the Treasurer to suspend issue of "Notornis" in the case of members whose subscriptions are three months in arrears, i.e., at 30th June; issue to be continued after payment is made.

On June 30th last, 185 members had not paid and on September 30th, 91. £13/4/- was lost to the Society in extra costs and loss of journals, while the treasurer was given more than two full days of extra work. There is no justification for this and tardy members will be expected to show a better appreciation of the voluntary work being done for them. Those who have paid promptly and particularly those who have paid in advance are heartily thanked.

H. R. McKENZIE, Honorary Treasurer, O.S.N.Z.
